

## Simbithi Eco Estate in Ballito

A mere thirty minutes North of bustling Umhlanga and fifteen minutes from the King Shaka International Airport, **Ballito** is the pinnacle of what people adore about **Kwa-Zulu Natal** and a highly sought after backdrop for luxury homes on the **Dolphin Coast**

The ecologically sensitive development is positioned on 430 hectares of prime land, including dams, indigenous forests and grasslands in its' expansive surroundings. The heartbeat of **Simbithi Eco-Estate** has been established with the creation of popular community centres and an active Country Club that houses the Fig Tree restaurant.

Not only does Simbithi Eco-Estate afford homeowners the opportunity to live harmoniously with nature, but also the chance to return to an earlier time when neighbours mingled and children played in the streets. It is a way of preserving nature, as much as it is a way of preserving a lifestyle.

For more information call **+27 (0) 86 100 2001**, email the **Simbithi Sales Team** on [info@simbithisales.co.za](mailto:info@simbithisales.co.za) or visit the [Simbithi Sales Website](#)
